

MEYER ROAD BRIDGE REPLACEMENT PROJECT

WORKS NOTIFICATION

EASTER LONG WEEKEND WORKS – APRIL

The Department of Planning, Transport and Infrastructure (DPTI), through the Public Transport Projects Alliance (PTPA) is delivering the Meyer Road Bridge Replacement Project at Lonsdale.

Jointly funded by the Australian Government's Bridge Renewal Program, the City of Onkaparinga Council and DPTI, the Meyer Road Bridge provides a key connection between local industry, surrounding suburbs and road networks and spans over the Seaford to Adelaide passenger rail line.

Works on the Meyer Road Bridge commenced in February and are scheduled to be completed mid-year, weather permitting. Works are currently being undertaken from 7am to 5pm, Monday to Saturday throughout construction.

Additional works have been scheduled to be undertaken between 7.30pm, Thursday 9 April, and 4am Tuesday, 14 April.

To safely facilitate these works, a partial closure of the Seaford Line between Seaford and Brighton is required, with substitute buses operating between Seaford and Brighton Railway Stations.

How will these works affect me?

The Seaford line will be partially closed (between Brighton and Seaford) from 9.30pm Thursday, 9 April, with full line services resuming from first service Tuesday, 14 April. To facilitate this closure, Seaford trains departing Adelaide on Thursday, 9 April from 7.00pm, will terminate at Brighton. During this period, trains will be operating between Brighton and Adelaide Railway Stations with substitute buses operating between Brighton and Seaford Railway Stations. Full line Seaford services will resume from first service Tuesday, 14 April.

Adelaide Metro will provide advance notification of any changes to services. For more information, please visit www.adelaidemetro.com.au

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to local residents and businesses as much as practically possible. Your patience and cooperation whilst these important works are undertaken is appreciated.

MEYER ROAD BRIDGE REPLACEMENT PROJECT

COVID-19 update

To help safeguard the PTPA project teams and the community, we have implemented measures to manage the risks of, and our response to, contracting COVID-19.

Measures include but are not limited to, increased hygiene directions and limiting face-to-face contact.

The Meyer Road Bridge Replacement Project will continue to provide project construction updates and work notifications via social media, letterbox drops, emails and the project's website.

To find out more about the Meyer Road Bridge Replacement Project and to register for future email updates, you can contact the project team using the contact details below.
