

WORKS NOTIFICATION

GOLDEN GROVE PARK 'N' RIDE

The new Golden Grove Park 'n' Ride car park will provide 450 car parking spaces, across three levels (ground floor plus two upper levels) when completed. It will include ten *Disability Discrimination Act 1992*, compliant car parks and provision for secure bicycle storage. The project aims to meet demand for Park 'n' Ride commuters and to increase public transport usage.

Upcoming works

From late-September 2021, works will commence to change The Grove Way junction with Marie Clark Drive into an intersection. This stage of work is expected to be completed early 2022. **The majority of works will be carried out between 7am and 6pm, Monday to Saturday.** Works will be scheduled to minimise the impact to traffic, as much as possible.

Works will include:

- removal and reinstatement of asphalt;
- relocation of services including trenching and earth works;
- removal of existing and installation of new LED lighting infrastructure;
- removal and reinstatement of median strips;
- footpath works; and
- kerb and gutter works.

Speed restrictions will apply and road users are asked to use extra caution when workers are on site, follow the directions of traffic controllers and observe traffic signage and speed restrictions when travelling through the area.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Every effort will be made to minimise impacts to the community.

Some noise disturbance and vibration can be expected at times while these works are undertaken, however the works will be managed to minimise disturbance to local residents as much as practically possible.

Access to businesses and residential properties will be maintained at all times.

Early morning works reminder

Early morning concrete pour works will occur from 3.30am on approximately seven occasions throughout September, October and early-November 2021, weather permitting.

Upcoming temporary relocation of bus stop

To enable these works to be undertaken safely, bus stop 62A east will be temporarily relocated within 50 metres of its current location. Advanced notice will be provided at bus stop 62A prior to this change occurring.
