

OAKLANDS CROSSING GRADE SEPARATION

NIGHT WORKS NOTIFICATION

SA POWER NETWORKS POLE AND OVERHEAD WIRE REMOVAL WORKS

MAY – JUNE 2018

From Thursday 31 May 2018, SA Power Networks (SAPN) will commence works to remove poles and overhead wires at various locations on Morphett Road, Oaklands Park. This is in preparation for major construction works for the Oaklands Crossing Grade Separation project.

The Oaklands Crossing Grade Separation Project will improve safety for all road users and ease traffic congestion by lowering the rail line under the road and removing the level crossing. The \$174.3 million project is jointly funded by the Australian Government (\$95 million), the South Australian Government (\$74.3 million) and the City of Marion (\$5 million), and will be delivered by the Public Transport Projects (PTP) Alliance with the Department of Planning, Transport and Infrastructure (DPTI).

Key Activities

Night works will be undertaken at various locations along Morphett Road on **Thursday 31 May, and Tuesday 5 June to Tuesday 12 June (weekdays only), between the hours of 8.00pm and 5.00am.**

Key activities include:

- Set up of heavy machinery (including a crane truck), traffic management and temporary lighting
- Drilling of pole footing for installation of new strainer pole
- Concrete pouring and setting
- Removal of overhead wires and poles
- Truck movement to transport removed wire and poles.

How will these works affect me?

Night works are required to reduce impacts on traffic flow and the construction crew will make every effort to minimise noise and lighting impacts to nearby residents and businesses. *Please see map overleaf for work locations.*

Speed and lane restrictions will be in place during the works with traffic management located on site to advise commuters of changed traffic conditions. Road users and pedestrians are advised to please take care and observe traffic signage when travelling through the area. Traffic controllers will be on site to assist road users.

Please note there is no interruption to power supply expected during these works.

Keeping the community informed

We will update you as the project progresses. To find out more about the Oaklands Crossing Grade Separation project and register for future email updates, please contact the project team using the details below.
